## BLOW THEIR BAZOOS

Continued from Fifth Page.

stop pretty soon there are republican colonels who will blow up.

We trust T. Hanna Thomas did not fail to telegraph Marcus Aurelius an accounting of the funds after the show.

Vice President Head, of the Flow company, was as proud as if all the men who followed him were going to vote as he will.

We didn't see T. Hanna Thomas in line. But he made it a point to let the country clubs know he was still at the old stand.

The colored men's club has become remarkably depleted in membership since the attempt to cram Hertz down them.

It is hoped the proceedings will pass off without any the voters coming up for the mayor as president of the day to pass upon.

Many of the familiar republican faces of times gone by were missing—and there were no familiar democratic faces to take their places.

The men under the elephant's hide earned all the Hanna money they will get for their day's work. But the elephant will be shifted from two men's hands Nov. 3.

Mayor Knox found a new use for the Rock Island paid fire department today in setting the men to work erecting the stand and making the other preparations for this afternoon's political demonstration.

Dr. H. J. Huyett shipped his horses, which captured the prizes at the Davenport fair, to St. Louis last Saturday, accompanied by John Wittick and Robert Young, of Bowling.

Arthur Mead, of Sears, left Friday for Hot Springs, Ark., on account of inflammatory rheumatism which settled in his limbs. It was the result of a bicycle accident where he bruised his knee, so his doctor advised him of the move above stated.

William Daxon, our popular fruit tree agent, showed us some large apples which were raised in the orchard of John Beck, two-and-a-half miles south of Milan, measuring 15 inches in circumference, and tipped the scales at 17 ounces. Others measured 14 inches, but weighed more than the larger ones, being more solid.

## JOTTINGS ABOUT JOSLIN.

Notes of Miscellaneous Interest From the Upper End of the Ocean.

Joslin, Oct. 7.—The dry now is that there is more silver and gold in people's mouths than in their pockets.

On account of the heavy rains we have been having our roads have been in a terrible condition.

Mr. and Mrs. W. H. Whiteside went to Rock Island Thursday last to attend the republican gathering and did not return until Friday.

William Goldsworthy, of Hillsdale, was nominated for congress by the prohibitionists of the Tenth district, which held their convention in Moline Thursday last.

I am informed that Hon. William Payne was sent to Springfield as a delegate in the interest of the farmers' institute, and from Springfield he went to Chicago on business.

Arthur Mead and John Snyder are building a new hay barn for Alonzo Dunbar, and Frank Engelman, of Rock Island, is assisting in the erection of Mr. Nold's double corn crib and other improvements.

G. W. Walker has been feeling quite ill of late with pains in the side, and a rheuma in twinge occasionally reminds him to take care of himself and not travel very far from the stove.

There is considerable talk of a new hog disease that is now showing itself in some herds. C. C. Whiteside's hogs are affected. The nose and head seem to become enlarged and swell up, which ultimately results fatally.

Lyman N. Bailey and C. Backley are making improvements by each putting in a new double corn crib. They have contracted with Whiteside & Donahoe for the lumber, which is shipped from Moline by train. The lumber trade at Joslin is a growing situation.

Charles Nold, son of Henry Nold, who has been studying medicine with Dr. Whiteside of Moline, has left for Nashville, Tenn. He will be gone six months. It will take him four terms to complete his studies.

Mr. Turner, who is a traveling man for an extensive Chicago firm, staid over night with Ed Donahoe Thursday evening last. He is a well posted man, and is quite enthusiastic over the money question. He has every confidence in Mr. Bryan's election.

George Wainwright, son of Samuel Wainwright, of Hampton township, and Miss Lulu Lealle, of Port Byron, were married Thursday evening last at the Methodist parsonage by Rev. Wood, of Port Byron. To say the least, it was looked upon as rather a quiet wedding, which took all their friends and acquaintances by surprise. May they be prosperous and happy is the wish of all.

The free and unlimited coinage of silver advocates struck a fine day for their meeting last Saturday at Hillsdale. There was a large number in attendance and considerable enthusiasm. Messrs. Kempster and Rand were the speakers. Mr. Rand on being introduced by Mr. Cooley, said it always gave him a great deal of pleasure to talk to laboring men. They told us that the silver cause is dying out, but it did not look much like it today. They tell us, likewise, that the free coinage of silver would drive all the gold out of the country, and he would like to know if it had not been leaving the country for years. If a silver dollar is made as good as a gold dollar under all conditions and circumstances, then of course we shall have the double standard, as we had previous to 1873. We never agreed to pay gold and interest in gold, and yet our secretaries of the treasury have so ruled. How can the republicans have any hope of international bimetalism when England has declared over and over again: "We will never surrender our moneyed interests to the approval or disapproval of any other nation in the world." Mr. Rand quoted largely from Lincoln, Blaine, Sherman and others, and then gave way to Mr. Kempster, who commenced by showing up the indebtedness of Illinois, and how many teams it would take to haul that amount of money to Rock Island. He then showed up the fallacy of the United States becoming the dumping ground for the silver of the world, and concluded by referring to the charge of being anarchists for denouncing the income tax decision of the supreme court, when all prominent republicans from Lincoln down denounced it for its David-Scott decision.

## MULDER IN PARVO.

The old story of Prometheus is a parable. Prometheus was on terms of intimacy with the gods. From them he stole fire and gave it to men. For this sin he was bound to the rocks of Mount Caucasus, and vultures were set upon him. They only ate his liver. This grew again as fast as it was picked away. Are his sufferings to be imagined?

Take a modern interpretation of the parable. There is no cooking without fire. In cooking and eating the mischief lies. The stomach is overworked, the bowels become clogged, they cannot dispose of the food that is given them. The impurities back up on the liver. Dr. Pierce's Golden Medical Discovery is more than equal to the cures of dyspepsia and its kindred diseases. There is no more need of suffering from dyspepsia than there is of hanging one'sself. Sold by all medicine dealers the world over.

What you need is something to cure you. Get Dr. Kay's Remedy.

## OVER MERCER'S LINE.

Notes of Miscellaneous Interest From Sherrard and Vicinity.

Sherrard, Oct. 7.—John Rowe, of Cable, moved up to this place last Thursday.

Mrs. John Seward, of this place, visited in Gilchrist Friday.

Mr. Burley, of Cable, moved his household goods and family to this place Friday.

Mr. and Mrs. Thomas Jenkins, of Rock Island, attended the funeral of Miss Nettie Evans here.

Miss Belle Lawson, of Cable, was a visitor of Mr. and Mrs. Robert Davison of this place Sunday.

Mat Dawson and wife, of Cable, visited Mr. and Mrs. Hargreaves Haddock, of this place, Sunday.

George Lindsey and wife, of Gilchrist, were here visiting his wife's parents, Mr. and Mrs. Joe Burley, Tuesday.

Albert, the son of Mr. and Mrs. Danielson, who has been sick the last three weeks, is very low at this writing.

Nettie, the 8-year-old daughter of Mr. and Mrs. Dave Evans, of this place, died Monday morning at 11:30 o'clock. She had been sick for three weeks. The funeral occurred Tuesday afternoon at 3 o'clock. The remains were interred at the Sherrard cemetery. Rev. Forsell officiating.

The republican rally Saturday evening was well attended. The weather was fine and there was quite a torchlight procession, headed by the Cable and Sherrard cornet bands. They marched to the pavilion, and after a couple of songs were sung by the Cable fire club, the chairman, Mr. Samuelson, of this place, introduced Hon. G. W. Prince, who spoke on the issues of the day from the republican standpoint.

Thomas Simpson, of Cable, came to his death by caring coal at the Hill Road shaft. Instead of pushing the ears on he was pulling them, and instead of pulling the ear on the cage that was down, he pulled the ear on the opposite side, and he went in the dump and the weight of a ton of coal on top of him, and the dump was full of water. He lived but a few minutes after being taken out. He leaves to mourn his loss a wife and seven children. His remains were taken to St. Paul bluff for burial Saturday. Rev. Edwards officiating.

## SIMPLE AT FIRST.

It is foolish to neglect any form of Piles, even those of the beginning.

Piles are simple in the beginning and easily cured. They can be cured even in the worst stages, without pain or loss of blood, quickly, surely and completely. There is only one remedy that will do it—Pyramid Pile Cure.

It always the inflammation immediately, heals the irritated surface and with continued treatment reduces the swelling and puts the membranes into good, sound, healthy condition. The cure is thorough and permanent.

Here are some voluntary and uncontrived testimonials we have lately received:

Mrs. M. C. Hinkley, 601 Mississippi street, Indianapolis, Ind., says: "I have been a sufferer from the pain and annoyance of piles for 15 years, the Pyramid Pile Cure and Pyramid Pills gave me immediate relief and in a short time a complete cure."

Major Dean, of Columbus, Ohio, says: "I wish to add to the number of certificates as to the benefits derived from the Pyramid Pile Cure. I suffered with piles for 40 years, and from itching piles for 20 years, and two boxes of the Pyramid Pile Cure have effectually cured me."

Most druggists sell Pyramid Pile Cure, or will get it for you if you ask them to. It is only \$1 per package, and is put up only by the Pyramid Drug company, Albion, Mich.

## Baths in Russia.

Fifteen as Russia is, the filthiest houses in the country are those reserved for the public baths. Gloomy buildings always, few are the Englishmen who could submit to the atmosphere of them for a few minutes. But the Russian revels in them. Taking his ease upon a bench, he watches the whole room filled with a steamy vapor, and in this steam he stew until he feels he has had full value for his money. An attendant then throws a few buckets of cold water over him, and he goes his way a happy, but it must be admitted, still a dirty man.—St. Petersburg Correspondence.

The republican national committee has thus far expended \$4,000,000 in the campaign. They have a reserve fund of \$2,000,000, and in case of emergency are authorized to draw on New York, Philadelphia and Chicago capitalists for \$10,000,000 more. If money can buy an election, Mr. McKinley will win. Against these enormous amounts the silver forces have raised by popular subscription less than \$100,000, all of which has been used in the printing and distribution of literature.

Does John M. Palmer endorse the administration idea that it is treason to protest against sending federal troops into Illinois to do the work of local policemen?

## Headache and Rheumatism.

Vera, Ill., Sept. 28, 1896.—My father was troubled with headache and rheumatism. He began taking Hood's Sarsaparilla about six months ago, and he has not had a spell of headache since that time and his rheumatism is almost cured. We believe that a continued use of Hood's Sarsaparilla will completely cure.—John Penny.

Hood's Pills act harmoniously with Hood's Sarsaparilla.
